COUNCIL COMMUNICATION**

AGENDA TITLE: Set Public Hearing for October 5, 2011, to Consider Amending Lodi Municipal Code Chapter 16.40 "Reimbursements for Construction" by Repealing and Re-enacting Section 16.40.050 "Reimbursement Agreements" in its Entirety

MEETING DATE: September 7, 2011

PREPARED BY: Public Works Director

RECOMMENDED ACTION: Set Public Hearing for October 5, 2011, to consider amending Lodi Municipal Code Chapter 16.40 "Reimbursement for Construction" by repealing and re-enacting Section 16.40.050 "Reimbursement Agreements" in its entirety.

BACKGROUND INFORMATION: Lodi Municipal Code Chapter (LMC) 16.40 regarding "Reimbursements for Construction" identifies the improvements which are reimbursable under the development impact mitigation fee program and establishes a uniform reimbursement procedure for the cost of improvements which are to be reimbursed from other parties.

Currently, Section 16.40.050-A.4 Reimbursement Agreements: provides that the City will collect the appropriate charge from the properties identified in the agreement and reimburse the applicant or the applicant's heirs, successors or assigns, for a period of 15 years from the date of the agreement only. Reimbursement agreements to recover funds advanced by the City for projects shall expire after 15 years; reimbursement charges will not be collected after that time. In large part, the reimbursement charges apply to future residential development.

The current economic downturn has resulted in a general stoppage of most new development and particularly residential development. The current trends suggest the duration of the downturn will extend for up to 10 years.

The ordinance to be considered at the Public Hearing would amend LMC Section 16.40.050 to extend all existing reimbursement agreements for a period of 10 years. As a result, properties that have not paid reimbursements included in the existing reimbursement agreements will be required to reimburse the applicant for a period not to exceed 25 years. The proposed amendments are presented in Exhibit A.

Presently, there are 17 active reimbursement agreements. A summary of these agreements is provided in Exhibit B.

FISCAL IMPACT: None.

FUNDING AVAILABLE: Not applicable.

16.40.050 Reimbursement Agreements

- A. Within sixty days of receipt of a completed application, the public works director shall prepare a reimbursement agreement containing the following provisions:
1. The amount of reimbursable costs shall include construction costs less any applicable credits plus ten percent for administrative and engineering costs. Applicable city engineering and processing fees shall also be added. Costs of financing, bonds or other applicant costs shall not be included.
 2. The total reimbursable cost shall be apportioned to the benefiting properties as appropriate. Costs of transitions, utility stubs or other minor work shall not be apportioned to adjacent property.
 3. The reimbursable amount shall be recalculated annually to include an amount attributable to interest, using the Engineering News Record 20 Cities Construction Cost Index as of the end of the year. The reimbursable amount for subsequent years shall be the prior year reimbursable amount less any reimbursements made during the year, all multiplied by the percentage change in the index over the year.
 4. The agreement shall provide that the city will collect the appropriate charge from the properties identified in the agreement and reimburse the applicant or the applicant’s heirs, successors or assigns, for a period of fifteen years from the date of the agreement only. Reimbursement agreements to recover funds advanced by city for projects shall expire after fifteen years; reimbursement charges will not be collected after that time **unless the City Council approves a time extension to Reimbursement Agreement as provided in this chapter.**
 5. **Upon written request of the applicant or the applicant’s heirs, successors or assigns, and a showing that economic conditions prevented construction necessary to reimburse less than fifty percent (50%) of the applicant’s construction costs, the City Council may approve time extensions to reimbursement agreements. The application shall be filed at least one year prior to the Reimbursement Agreement’s expiration. Applicant shall reimburse the City for all staff and other costs associated with processing the application.**

~~B. The reimbursement agreement shall be numbered and filed by the Public Works~~

Director.

§B. Prior to the adoption of a resolution approving the reimbursement agreement or *extension of a reimbursement agreement* the city shall within ninety days of receipt of a completed application conduct a public hearing as follows:

At least ten days prior to the date and time set for the hearing before the city council, give a notice by first class mail, postage prepaid to the addresses as shown on the latest equalized assessment roll of San Joaquin County, to the owners of each parcel identified in the reimbursement agreement as benefited.
2. The notice shall state the date, time, and location set for such hearing.
3. Include in such notice to property owners as required under (1) above a statement of the nature of the improvements costs as provided in subsection A of this section, and list of the addresses or a map delineating all parcels identified in the reimbursement agreement as benefited.
4. The hearing on such reimbursement agreement shall take place before the city council, at which time all interested parties shall be heard. The council shall determine what properties are benefited, the costs and a fair method of allocation of costs to the properties benefited, and an apportionment of such costs.

SECTION 3. No Mandatory Duty of Care. This ordinance is not intended to and shall not be construed or given effect in a manner which imposes upon the City, or any officer or employee thereof, a mandatory duty of care towards persons or property within the City or outside of the City so as to provide a basis of civil liability for damages, except as otherwise imposed by law.

SECTION 4. Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application. To this end, the provisions of this ordinance are severable. The City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof.

SECTION 5. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

SECTION 6. This ordinance shall be published pursuant to law and shall become effective 30 days from the date of passage and adoption.

AGENDA TITLE: Set Public Hearing for October 5, 2011, to Consider Amending Lodi Municipal Code Chapter 16.40 "Reimbursements for Construction" by Repealing and Re-enacting Section 16.40.050 "Reimbursement Agreements" in its Entirety

MEETING DATE: September 7, 2011

PREPARED BY: Public Works Director

RECOMMENDED ACTION: Set Public Hearing for October 5, 2011, to consider amending Lodi Municipal Code Chapter 16.40 "Reimbursement for Construction" by repealing and re-enacting Section 16.40.050 "Reimbursement Agreements" in its entirety.

BACKGROUND INFORMATION: Lodi Municipal Code Chapter (LMC) 16.40 regarding "Reimbursements for Construction" identifies the improvements which are reimbursable under the development impact mitigation fee program and establishes a uniform reimbursement procedure for the cost of improvements which are to be reimbursed from other parties.

Currently, Section 16.40.050-A.4 Reimbursement Agreements, provides that the City will collect the appropriate charge from the properties identified in the agreement and reimburse the applicant or the applicant's heirs, successors or assigns, for a period of 15 years from the date of the agreement only. Reimbursement agreements to recover funds advanced by the City for projects shall expire after 15 years; reimbursement charges will not be collected after that time. In large part, the reimbursement charges apply to future residential development.

The current economic downturn has resulted in a general stoppage of most new development and particularly residential development. The current trends suggest the duration of the downturn will extend for up to 10 years.

The ordinance to be considered at the Public Hearing would amend LMC Section 16.40.050 to extend all existing reimbursement agreements for a period of 10 years. As a result, properties that have not paid reimbursements included in the existing reimbursement agreements will be required to reimburse the applicant for a period not to exceed 25 years. The proposed amendments are presented in Exhibit A.

Presently, there are 17 active reimbursement agreements. A summary of these agreements is provided in Exhibit B.

FISCAL IMPACT: None.

FUNDING AVAILABLE: Not applicable.
